## We have taken several proactive measures to support consistent drug supply for our patients:

- 1 Diverse Supply Chain:** We work with a diverse network of reputable pharmaceutical suppliers to minimize risk of shortages.
- 2 Continuous Monitoring:** Our dedicated team of professionals continuously monitor our inventory and the pharmaceutical market. We actively anticipate and respond to any potential supply issues to prevent disruptions in care.
- 3 Communication:** If there are any changes to the availability of an Ascendis medication, we will promptly notify you directly.
- 4 Collaboration:** We collaborate closely with local and national healthcare organizations to stay informed about any potential supply chain challenges and to ensure a consistent supply of medication.
